Missionaries To Speak At Local Church

The First Assembly of God wishes to announce that on Tuesday evening, December 17, Rev. and Mrs. Lawrence C. Burton, Missionaries to Alaska, will be presenting a missionary program in slide pictures and message concerning their work with Alaskan Eskimos. For the past four years the Burton's have been in Alaska, and they are now returning to Alaska to continue their work with Alaskan natives.

The service will begin at 7 p.m. Rev. J. C. Burks, pastor of the church, invites everyone to attend for the Eskimo village service.

Christmas Decoration Contest Set

Friday is the deadline for entering the annual Christmas Lighting and decoration contest. The contest is sponsored jointly by the Alabama Electric Cooperative and the Elba Chamber of Commerce.

Contest officials have urged people who wish their homes judged to contact the Elba Chamber of Commerce. Friday is the deadline for notification of entries. Homes will be judged December 23.

A total of \$75 in cash prizes will be awarded in the contest. Prizes are \$30 for first, \$20 for second, \$10 for third and a special prize of \$15 for the best door decoration. Out of town judges will select the winners.

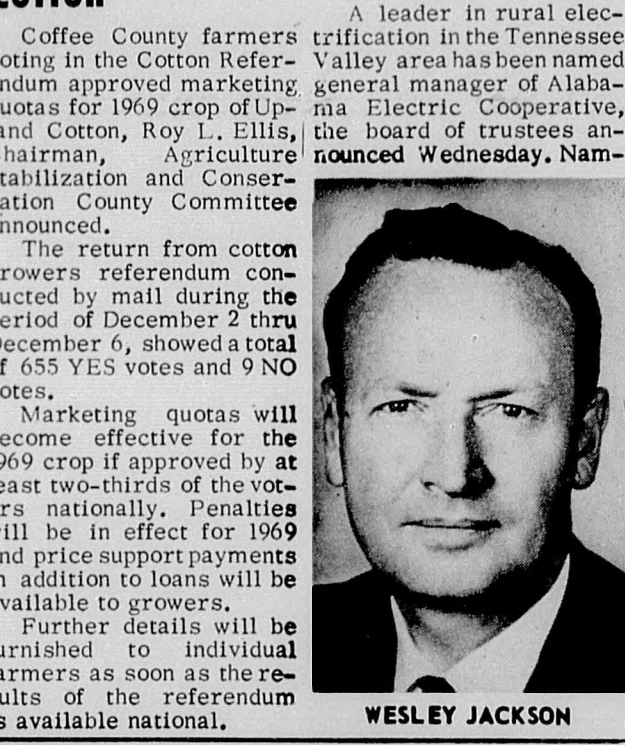

Purpose of the contest is to recognize unusually attractive decorations and to encourage decorations to add to the festive spirit of the holidays.

Alabama Electric, co-sponsors of the contest, is an electric generation and transmission cooperative which supplies bulk electrical power to the City of Elba, other municipalities and cooperatives throughout South Alabama.

COFFEE COUNTY PROBATE JUDGE . . . J. O. English, seated, is shown shortly after he received the Extension leadership award at a special meeting in Troy a few days ago. Shown with Judge English, left to right, are Dr. Fred Robertson, vice-president of Auburn University, County Extension Chairman Tom Casaday and County Extension Council President Howard Lassiter. Judge English was recognized for his years of leadership in agriculture, home economics and 4-H club work in Coffee County.

WESLEY JACKSON

A leader in rural electrification in the Tennessee Valley area has been named general manager of Alabama Electric Cooperative, Inc. Wesley Jackson, a native of Nashville and was educated in the Nashville and Davidson County school systems and at Vanderbilt University of Engineering. He has spent his entire adult life working in the electric power industry and has 20 years experience in electric power systems engineering, construction, operation and management.

Alabama Electric is an electric power generation and transmission cooperative which serves distribution cooperatives, municipalities and industries in South Alabama and Northwest Florida. It operates a system of plants, lines, substations, and other facilities which stretch from the Georgia to the Mississippi line. More than a half million people in South Alabama are served indirectly by Alabama Electric.

Baptist Collecting

Jim Auchmuty, pastor of the Elba Baptist Church, has announced that anyone wishing to bake cakes for the Baptist children's home at Troy is asked to have their cakes at the First Baptist Church by 2 on Monday, December 23rd.

City Councilmen Hold Regular Meeting

The regular meeting of the Elba City Council was held Monday night in the City Hall. All members of the group were present. The first order of business was to discuss and approve a motion to erect and improve present city limit signs. Also to be erected are police jurisdiction signs.

Councilman Cook reported that the City had done everything the Jaycees had asked in assisting with the construction of the Jaycee Park and playground.

Councilman Hawkins reported that he planned to wrap up the new city pool in Mulberry Heights during his forthcoming vacation soon after Christmas.

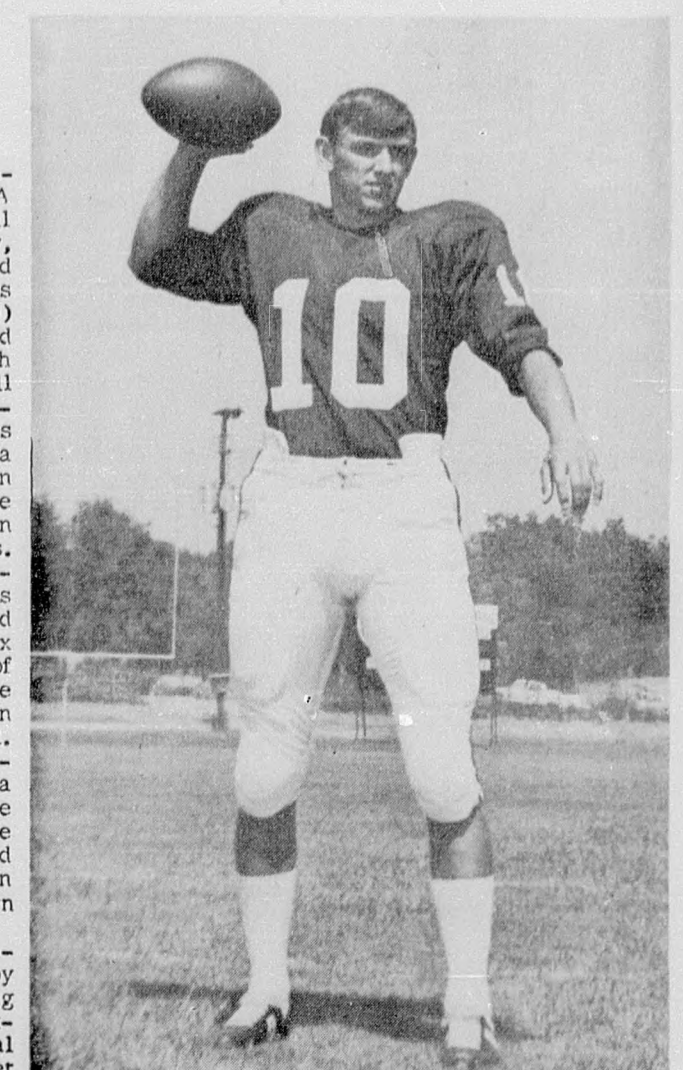

The council heard a report on the dangerous condition of the "Thrill Hill" road, or Rainbow Drive. The group decided to work out a plan to close the street until improvements could be made.

The council voted to deposit the 10 sales tax in a special account, at least until the completion of the hospital. Part of this money is pledged to retirement or recently sold hospital expansion bonds. Several members of the Hospital Board have expressed concern over the possibility that the hospital or nursing home would need additional operation money and the city would not have it. This leads to the establishment of the special account. Until several months ago the special account, at least until the completion of the hospital, was going to the hospital board and under the present plan only that needed to retire the bonds will be given the hospital unless emergency arises.

Mayor Brunson reported that an old Dorsey van is being converted into a City Jail. It will be parked in New Town on the present City parking lot.

The council discussed the use of 55 gallons garbage cans and instructed the garbage department to condemn these cans as residences as well as residences. A special problem at the Big B was discussed with J. G. Weeks and the City Clerk and Garbage Department is working with him to devise a way to handle their big volume of trash.

The council voted to retain the \$5 charge for using the recreation hall at the pool and to charge an additional \$5 deposit to a responsible adult signing.

Home Agent Warns Shoppers Of Gyp Games

"Tis the season to be wary!" Associate County Extension Chairman Sara Hutchinson reminds holiday shoppers that the Christmas season is the prime time for consumer traps.

Shoppers should beware of discount-priced, name appliances.

Sara Hutchinson reminds consumers that this is the season, too, for following the good people of South Alabama in their fight against these unreasonable rate increases. Brewer told Cook that the rates are the highest anywhere and would be unreasonable if the services were good.

Brewer further stated that according to his investigation, the service in the entire area was inadequate, to say the least.

A meeting was held in Enterprise on Monday of

Governor Brewer To Assist In Phone Fight

Governor Albert Brewer disclosed last week that he was very much concerned with the actions of General Telephone Company in Southeast Alabama. Brewer disclosed his position while discussing the problem at length with Representative Drexel Cook.

Cook stated that Brewer had promised to do everything legally possible to assist the good people of South Alabama in their fight against these unreasonable rate increases. Brewer told Cook that the rates are the highest anywhere and would be unreasonable if the services were good.

Brewer further stated that according to his investigation, the service in the entire area was inadequate, to say the least.

A meeting was held in Enterprise on Monday of

Rescue Squad To Hold Turkey Shoot

The Elba Rescue Squad will hold a Turkey Shoot at Legion Field on Saturday, December 21st. The shoot begins at 9 a.m. Proceeds from this shoot will be used towards purchasing new equipment.

The rather young Elba Rescue Squad has found their expert services in great demand. There is presently one ambulance on duty and if it is out of town on a call, there is nothing other than members can do in emergencies occurring within Elba. The Rescue Squad is therefore collecting money for another ambulance.

Elba Band Needs Money For Trip

The Elba band will journey to Montgomery on December 28th to appear in the annual Blue-Gray classic. Money is necessary to pay for this trip and anyone wishing to make a contribution need only contact school and band officials. Several band booster members are also working on this project.

End of the Quest

Wise Men travelled a desert to lay their gifts before a King.

But the King was a mere babe. His court was a cattle shed; His princely garb swaddling bands.

Could they be certain when they knelt by the manger that this was the end of the quest?

Their certainty came not of proof but of faith. They had marvelled at the heavens... followed a gleaming star... listened to prophecy. For Wise Men this was enough!

And through the centuries others have sought the King. Eagerly, earnestly they have come into the reverent beauty of the Church. And there, as angelic Words cast their light in man's darkness, they have known the end of their quest.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a warehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tax Seminar Scheduled At Fort Rucker

The Staff Judge Advocate office at Ft. Rucker will sponsor a two-day income tax seminar for military and civilian personnel on Jan. 23 and 24. Representatives of the Internal Revenue Service and the Alabama Department of Revenue will present instruction on basic tax information and answer questions of general application.

Of the 12 hours of instruction, nine will be devoted to federal tax matters with special emphasis on problems encountered by military personnel.

Attending the seminar will be representatives from each major unit and activity. They, in turn, will be able to assist other members of their units in routine tax matters and completing simple forms.

The tax seminar, officials said, will enable legal assistance officers to devote additional time to the more complex tax problems.

Grandson Of Elba Man Signs Football Grant

Mickey Hudson, Bay Minette High School football star, signed a grant-in-aid with southern Mississippi. The signing took place in Mobile, Saturday, December 14.

Those present for the signing were Lyle Underwood, Bay Minette coach; Doug Barfield, assistant coach at Southern Mississippi and his parents, Mr. and Mrs. V. V. Hudson. Mickey is the grandson of Mr. C. E. Hudson of Elba.

Major Collier Commands Flying Circus

The name and fame of "Collier's Flying Circus" is rapidly spreading across the Pacific from Hawaii to Thailand. The "Circus" is actually an aircrew commanded by Air Force Major Clyde Collier, son of Mr. and Mrs. A. C. Collier, Route 3, Elba, A 1949 graduate of Elba High School.

Major Collier is currently commanding a KC-135 Stratotanker in the Western Pacific. This jet tanker provides air-to-air refueling for the B-52 Stratofortress as well as numerous tactical aircraft.

Major Collier's four men crew picked up the nickname "Flying Circus" a couple years ago and it has stuck ever since. Today they proudly wear special patches indicating their position. The Co-pilot is called "Sideshow," the navigator, "Fortune Teller," (because he spends a lot of time watching the radar) and the boom operator, "Hawker," as he is a Jack of All Trades.

This crew is one of many professional Strategic Air Command crews currently serving in the Western Pacific. The experience of these crews is indicated by Major Collier's nearly 4000 hours flying time as a Co-pilot and as "Ringmaster" (aircraft commander).

More than 10,000 restaurants have volunteered their services in a nationwide effort to cut the number of accidents on highways during the 1968 Christmas-New Year's high traffic periods. At least 1,000 persons died in traffic accidents during the 1967 holidays.

Many restaurant chains and hundreds of independents are joining with state and local safety officials to help save lives by serving free coffee to road-weary holiday travelers during peak traffic hours. Rest breaks for drivers are recommended as a highly effective way to offset fatigue and drowsiness, a major cause of accidents. Free coffee has proved to be an appealing incentive in getting harried drivers to stop for a few minutes.

This is a part of the National Safety Stop Program, organized by the National Coffee Association. Sponsors of the program are the American Association of Motor Vehicle Administrators, the International Association of Chiefs of Police, the International Bridge, Tunnel and Turnpike Association, safety officials of the Armed Forces and the National Restaurant Association.

4-H-KIWANIS Four-H Agent Dan Presley spoke to the Kiwanis Club a few nights ago on 4-H Club work in Coffee County. Presley pointed out that over 50 clubs are in operation at the present time in the county and new clubs are being formed.

Dan and Extension Home Agent Virginia Sanders are working almost day and night to continue to build a superior 4-H Club program in this county. Businessmen have been called on to support various county awards and the program is growing month by month. The 4-H Club motto is "To make the best better" and with the kind of leadership in the leaders in the schools and the work of other volunteer leaders plus the work of Dan and Virginia, this progress will continue to be made.

JUDGE THE GEHL MIX-ALL ON YOUR FARM!

Arrange now for a Mix-All demonstration and we'll grind and mix a few tons of feed FREE!

We make this offer because we're sure you'll like the Mix-All features: (1) 66 thin hammers that cut grain and husk to uniform size; (2) variable speed drive on the auger feeder; (3) twice as many hammers per square foot of screen area than other mills; (4) fiberglass mixing tank (optional) no rusting, no condensation, no feed bridging, no up-keep or color fading; (5) rugged construction from hitch to hopper and mill to mixer.

But . . . how about judging this for yourself? Call now to schedule a Mix-All demonstration on your farm.

COFFEE NEWS & CHAT

BY SARA E. HUTCHINSON

MOISTURE STAINS ON WOOD TABLETOPS CAN OFTEN BE REMOVED

Since it is Christmas time, we will be putting up our Christmas trees soon. Very often tabletops are ruined from the water used for the tree. Moisture stains on wood tabletops can often be removed with a mild abrasive and light oil. For the abrasive use fine pumice powder, a mild powdered cleanser, table salt, or even cigarette ashes. The oil can be

sewing machine oil, cooking oil, baby oil or soft butter.

First dip a folded cloth in the oil and rub the moisture stain lightly with the grain of the wood. Then, so a dull spot will not remain, apply the abrasive and oil to the entire surface, and rub with a clean, oil moistened cloth. Finally, wipe the surface with a dry cloth. When this spot removal treatment is completed, apply a coat of your favorite furniture polish.

iah and the job is done.

NATION'S BEST COOKS ARE SOUTHERNERS

The nation's best cooks are southerners, of course, and judging from a U. S. Department of Agriculture survey, you can also say they are the best grocery shoppers.

The survey of American eating habits revealed that southern households used less expensive foods and better diets for the money spent than households in other regions. Southern households spend seven dollars and 92 cents per person. (Each week) This compares to eight dollars and 67 cents in the north, central states; nine dollars and 35 cents in the west and nine dollars and 77 cents in the northwest.

Army Staff Sergeant Sam J. Fowler, son of Mr. and Mrs. Kyser Fowler, Company near Long Binh, Route 2, Brantley, was assigned November 16 to the supervisor.
